Medico-legal practice

I have been preparing medico-legal reports for over 25 years and have proven record of providing specialist consultancy and advice on matters of neuropsychology to legal experts, insurance companies, private health companies and the Courts; including experience of giving expert witness testimony in Court. I am proficient in preparing medico-legal reports in matters of clinical neuropsychology, and prepare around 80 to 100 comprehensive reports every year. I am registered on the database of Expert Witnesses held by the Association of Personal Injury Lawyers. My specialist areas of interest are in MTBI, the Mental Capacity Act, Performance Validity testing, advanced psychometrics and Neurobehavioural Disorder after ABI. I give regular conference talks and webinars as keynote speaker on these topics. I have written two commissioned books on the Mental Capacity Act and have a strong publication record.

Career development and summary:

- Chief Supervisor, Clinical Neuropsychology Qualifications Board (BPS) 2010 to 2022.
- Consultant Clinical Neuropsychologist, Regional Neurorehabilitation Unit, Swansea, 2018-2022
- Consultant Clinical Neuropsychologist & Clinical Lead, Brain Injury Rehabilitation Trust, 2013-2017
- Consultant Clinical Neuropsychologist, Withybush Hospital, 2012-2013
- Consultant Clinical Neuropsychologist & Deputy Head of Department, Bro Morgannwg, 2004-2006

I have a distinguished career in the field of Clinical Neuropsychology at a senior level within the profession. I have worked in a range of clinical settings and have considerable standing within my professional body in terms of developing Clinical Neuropsychology. I am active in teaching, research and publications in addition to my work for the British Psychological Society where from 2010 to 2022 I was Registrar and Chief Supervisor for the Qualification in Clinical Neuropsychology. I have been instrumental in developing explicit competencies for Clinical Neuropsychology practice and have led work on developing a Professional Recognition Route to the Specialist Register of Clinical Neuropsychologists.
